NEW BOOKS AND BRIEFS

ECONOMIC AND SOCIAL DEVELOPMENT

Monitoring food security in countries with conflict situations

This report provides an analysis of food insecurity for 15 countries, focusing on crisis, emergency and famine situations. It describes the impact of conflict and gives an overview of the main drivers. (44 pp.) FAO & World Food Programme

Special Report – FAO/WFP Crop and Food Security Assessment Mission to Sri Lanka

In a context of severe drought, rice production declined about 40% while prices soared, impacting income and consumption. FAO recommends providing a combination of seeds, planting equipment, and targeted cash assistance for the 2017/18 season. (44 pp.) FAO & World Food Programme

FISHERIES AND AQUACULTURE

Planning for aquaculture diversification: the importance of climate change and other drivers

Aquaculture diversification (e.g. increasing species being farmed or developing strains within existing species) is discussed here as one means to face extreme climatic events and add economic, social and ecological insurance to aquaculture systems. (116 pp.) Fisheries and Aquaculture Proceedings

GENDER

Towards gender-equitable small-scale fisheries governance and development

This manual addresses women's conditions in small-scale fisheries, notably regarding tenure, decent work and value chain development, and highlights the need for disaggregated data and gender auditing to mainstream gender in government programmes. (174 pp.)
