FOOD SAFETY AND NUTRITION

Microbiological risk assessment series

Shiga toxin-producing *Escherichia coli* (STEC) and food: Attribution, characterization, and monitoring

Report

This report proposes a set of criteria for categorizing the potential risk of STEC associated illnesses in food, and highlights that while land animals are considered the main reservoirs for STEC, outbreaks have also been linked to food such as fresh produce.

172 pages | 176 x 250 mm | ISBN 9789251306826
