CONTENTS – PART II

I. BOTANY

Anely Nedelcheva – GENUS OROBANCHE IN THE BULGARIAN FLORA – TAXONOMIC SURVEY ................................................................. 9

Dolja Pavlova - NEW CHOROLOGICAL DATA FOR THE SERPENTINE AREAS IN THE RHODOPES MOUNTAINS (SOUTHERN BULGARIA) ................................................................. 17

Mariana Lyubenova, Cvetelina Valkcheva, Kalina Pachedjieva – ASSESSMENT OF THE RISK FOR THE BEECH VEGETATION IN THE BIOSPHERE RESERVE “CHUPENE” CONNECTED WITH CLIMATIC, OROGRAPHIC AND SOIL FACTORS ........................................... 27

Dessislava Gyurova – ON THE DISTRIBUTION OF PROTECTED MEDICINAL PLANTS IN VITOSHA NATURE PARK ........................................ 35

Ljuba Evstatieva – RESULTS FROM SOME SCIENTIFIC INVESTIGATIONS OF STUDENTS AT THE FACULTY OF BIOLOGY, DEPARTMENT OF BOTANY, SPECIALIZATION MEDICINAL PLANTS ........................................... 45

Juliana Atanassova, Elena Marinova – NEW DATA ABOUT DISAPPEARING WET AREAS IN TOUNDZA HILLY REGION (SOUTH-EAST BULGARIA) ........................................................................ 55

Radka Kancheva, Cvetana Nedeva, Ivanka Mitova – MULTI-OBJECTIVE OPTIMIZATION OF SEVERAL BIOLOGICAL PARAMETERS CONCERNING THE QUALITY OF HOT-HOUSE TOMATOES ........................................... 59

Neli Grozeva, Miglena Georgieva – NEW DATA ABOUT THE FLORA OF “SINITE KAMANI” NATURAL PARK – SLIVEN ........................................ 63

Tanyo Michev, Maya Stoyneva – RED LIST OF BULGARIAN WETLANDS: CONCEPTION, CREATION AND APPLICATION ........................................... 71

Michail Kenderov – FASCINATION IN GRAPE – VINE ........................................ 77

Milena Nikolova, Stephanka Ivancheva, Tzenko Balabanov,
Lidia Mechkueva – HEAVY METALS AND FLAVONOID AGLYCONES CONTENT IN PLANT SPECIES AT THE POLLUTED AND CONTROL HABITATS ........................................................................ 83

S. Berko, L. Evstatieva, B. Sidjimova, S. Popov – ISOLATION AND IDENTIFICATION OF ALKALOIDS FROM BULGARIAN GALANTHUS ELWESII ........................................................................ 89
Strahil Berkov, A. Pavlov, V. Georgiev, P. Stanimirova, P. Kovacheva, S. Philipov – ALKALOID SPECTRA OF DIPLOID AND TETRAPLOID PLANTS AND TRANSGenic ROOT CULTURES OF Datura Stramonium ........................................... 95

Mariyana Lyubenova, Dimitar Dimitrov, Teodora Mihova, Yordanka Ganeva, Veselina Baltiiska – PHYTOECOLOGICAL INVESTIGA-
TION OF CHENOPODIUM BOTRYS L. (CHENOPODIACEAE) FROM TWO LOCALITIES IN THE COUNTRY ................................................. 115

Katerina Doneva, Nikolai Dinev – PHYTOEXTRACTION OF COPPER AND ZINC FROM CONTAMINATED SOILS ............................................. 123

Maria Lacheva – NEW SPECIES FROM GENUS AGARICUS L.: FR., AGARICACEAE (SECTION MINORES) FOR BULGARIA ..................... 131

II. ZOOLOGY

Rumyana Kostova, Maria Shishiniova – FOOD PREFERENCES OF RUFIPES DEGEER AND PSEUDOOPHONUS GRISEUS PANZER (COLEOPTERA:CARABIDAE) FOR SEEDS OF WEED AND CULTIVATED PLANTS .................................................. 137

Maria Shishiniova, Rostislav Bekchiev – RESEARCH ON THE IMPACT OF AUTOTRANSPORT POLLUTION ON THE CARABIDAE LIFE FORMS (COLEOPTERA, CARABIDAE) .................................. 143

Victoria Necheva, Gabriela Ankova, Veselin Penkov – HISTOCHEMICAL INVESTIGATIONS ON SOME STEROID PRODUCING NON-FOLLICULAR ORGANOIDS IN THE DOMESTIC HEN (GALLUS DOMESTICUS L.) OVARY ........................................... 151

Atanas Grozdanov, Danielo Peshev, Ventzeslav Delov – OBSERVATION ON THE NORTH AMERICAN GREY SQUIRREL (SCIURUS CAROLINENSI S) IN BULGARIA .................................................. 157

Danielo Peshev, Kamen Grigorov – ON SOME ETHOLOGICAL ASPECTS OF THE OCELLATED WRASSE CRENILABRUS OCELLATUS (LABRIDAЕ) IN THE BULGARIAN PART OF BLACK SEA ...................... 159
Danielo Peshev, Kamen Grigorov – ON SOME ETHOLOGICAL ASPECTS OF
THE GRAY WRASSE Symphodus cinereus (Labridae)
IN THE BULGARIAN PART OF BLACK SEA ..................................... 165

Danielo Peshev, Ventzeslav Delov, Angel Vasilev – PRELIMINARY STUDY
OF THE SEA MAMMALS IN THE NORTHERN PART OF THE
BULGARIAN SEASIDE ................................................................. 171

Danielo Peshev, Ventzeslav Delov, Nikolay Tzankov, Angel Vasilev –
SPECIFIC CHARACTERISTIC AND DISTRIBUTION TRENDS OF THE
VERTEBRATE FAUNA IN THE BASIN OF RILSKA RIVER ............... 177

Ventzeslav Delov, Danielo Peshev, Angel Vasilev – SPECIES COMPOSITION
AND TENDENCIES IN THE DISTRIBUTION OF THE VERTEBRATES
IN THE REGION OF THE BOTANICAL GARDEN – VARNA .............. 191

Albena Mircheva, Mitko Subchev, Ivan Sredkov, Miklós Tóth – SEASONAL
FLIGHT OF ANOMALA SOLIDA ER. (COLEOPTERA,
SCARABAEIDAE) ESTABLISHED BY PHEROMONE TRAPS ............. 197

Albena Mircheva, Mitko Subchev, Ivan Sredkov, Miklós Tóth – SEASONAL
FLIGHT OF EPICOMETIS HIRTA PODA (COLEOPTERA, SCARABAEIDAE)
ESTABLISHED BY ATTRACTANT TRAPS ..................................... 201

Mariela Marinova – TEMPERATURE INFLUENCE ON EMBRYONIC
DEVELOPMENT OF TETRANYCHUS TURKESTANI UGAR.
ET NIK. (ACARI, TETRANYCHIDAE) ON OIL-BEARING ROSE .......... 205

Ventsislav Ventsislavov, Hristina Krusteva – STUDIES ON THE
ENTOMOCENOSIS ON WINTER WHEAT AND WINTER BARLEY
IN AUTUMN .................................................................................. 209

Nadejda Paraskova, Tsvetan Minkov – ANTHROPOLOGICAL
CHARACTERIZATION OF “SHOPI” POPULATIONS ACCORDING TO
ANTHROPOPHYSIOLOGICAL TESTS ........................................... 219

Nadejda Paraskova, Tsvetan Minkov – ANTOPOLOGY OF ‘SHOPI’
POPULATION IN DIFFERENT REGIONS OF BULGARIA ACCORDING
TO DERMATOGLYPHIC DATA ...................................................... 227

Nikolaj Tzankov – SYMPATRIC DISTRIBUTION OF SIX
LACERTID LIZARDS .................................................................... 235

Maria Velichkova-Kojuharova, Nyonka Velcheva, Slavimira Draganova –
DISEASES ON LEPIDOPTERA PESTS IN AN ORCHARD
UNTREATED WITH PESTICIDES ................................................. 243
Slavimira Draganova, Spaska Simova – VIRULENCE OF BLASTOSPORES OF ENTOMOPATHOGENIC FUNGI ISOLATES TO TETRANYCHUS URTICAE K. (ACARINA: TETRANYCHOIDEA) ........................................... 249

Antoniya Dimitrova – APHIDS (HOMOPTERA: APHIDINEA) – MAIZE’S DANGEROUS PESTS ................................................................. 255

Nikolai Baleyvski – CHECKLIST OF THE BRACONID PARASITOID FAUNA (HYMENOPTERA: BRACONIDAE) ISOLATED FROM DIFFERENT INSECT PESTS IN ESSENTIAL OIL PLANTS (MINT AND ESSENTIAL OIL ROSE) IN BULGARIA ......................................................... 261

Nionka Velcheva – ACTION OF NOVEL INSECTICIDES ON CODLING MOTH CYDIA POMONELLA L (LEPIDOPTERA: TORTRICIDAE) .................... 271

Nikolaj Tzankov – STUDYING ON THE SUBSPECIES AFFINITY OF FIVE POPULATIONS OF ABLEPHARUS KITAIBELII (BYBRON & BORY, 1833) IN BULGARIA ......................................................... 281

Orlin Dekov – NEW APPEARANCE OF THE MEDITERRANEAN FRUIT FLY CERATITIS CAPITATA WIEDENMANN (DIPTERA, TEPHRITIDAE) IN BULGARIA .......................................................... 301

Orlin Dekov – STUDIES ON THE OCCURRENCE OF THE 54 CHROMOSOMES VOLE MICROTIUS ROSSIAEMERIDIONALIS OGNEV, 1924 (RODENTIA, CRICETIDAE) IN BULGARIA ............................................... 305

Orlin Dekov – MORPHOMETRY OF THE WATER VOLE (ARVICOLA TERRESTRIS L.) FROM PAZARDJIK DISTRICT .................................. 309

Nevena Kambourova – THE CURRENT STATE OF COLONIAL WATERBIRDS IN SREBARNIA MANAGED RESERVE ........................................ 313

Atanas Grozdanov, Venceslav Delov – THE AVIFAUNA IN THE AREA OF GARA ISKAR, SOFIA ................................................................. 321

Georgi Markov, Ivanka Atanasssova – EPGENETIC POLYMORPHISM AND POPULATION DETACHMENT OF THE YELLOW-NECKED MOUSE (APODEMUS FLAVICOLLIS, MELCH., 1834) IN NORTH- EASTERN BULGARIA ................................................................. 337

III. ECOLOGY

Mariana Lyubenova, Albena Asenova, Emil Mihov – DENDROECOLOGICAL INVESTIGATION OF BALKAN’S PINES IN NATIONAL PARK “PIRIN” ...343
Stanislav Stoimenov, Mariyana Lyubenova, Albena Asenova – DENDROECOLOGICAL INVESTIGATION OF PINUS NIGRA ARN. FROM FOUR REGIONS IN BULGARIA .......................... 351

Violeta Dimitrov, Mariana Lyubenova, Svetla Bratanova-Doncheva, Maria Chavdarova – FLORISTIC INVESTIGATIONS OF CHESTNUT (CASTANEA SATIVA MILL.) COMMUNITIES IN THE MOUNTAIN BELASITZA .................................................. 357

Daniela Simonovska-Nikolova – JUVENILE VOCALIZATION OF THE BICOLOURED WHITE-TOOTHED SHREW CROCIDURA LEUCODON… 373

Daniela Simonovska-Nikolova, Margarita Atanasova – Olfactory PREFERENCES IN MUS MUSCULUS MUSCULUS AND MUS MUSCULUS DOMESTICUS .......................................................... 379

Daniela Simonovska-Nikolova – SEASONAL DIFFERENCES IN THE PATTERNS OF EXPLORATORY AND SOCIAL BEHAVIOUR OF CROCIDURA LEUCODON .................................................. 385

Nader Hamwi, Galerida Raikova-Petrova – MATURITY AND SEX RATIO OF CHUB, LEUCISCUS CEPHALUS (L.), IN ISKAR RIVER (BULGARIA) .... 393

Detelina Todorova, Boyan Boyanovski, Lidia Mechkueva, Martin Saev, Milena Tzanova – ECOTOXICOLOGICAL ASSESSMENT OF WASTEWATER OF UMICORE MED – AD, PIRDOP ......................... 399

Krstio Dimitrov, Roumiana Metcheva, Mariela Odjakova – VARIATION OF ESTERASE ACTIVITY IN TWO POPULATIONS OF APODEMUS MYASTACINUS (DANFORD & ALSTON, 1877) IN SOUTH-WESTERN BULGARIA ........................................................ 407

Dimitar Sichanov, Nesho Chipev, Valko Biserkov – SPATIAL DISTRIBUTION OF TERRESTRIAL SMALL MAMMALS IN THE REGION OF SREBARNA RESERVE .................................................. 411

Michail Michailov – pH AS A WATER QUALITY PARAMETER .................. 423

R. Kutsarov, D. Ivanova – POLLUTION ON THE TERRITORY OF THE CITY OF BOURGAS WITH CARBON OXIDE, DISPOSED BY THE MOTOR TRANSPORT .............................................................. 433

Maya Benkova, Nikolai Dinev, Toshko Raychev, Iva Marekova–ALTERNATIVE APPROACHES FOR REMEDIATION OF HEAVY METAL POLLUTED SOILS .............................................................. 449
Ekaterina Stoynova-Bakalova, Tony Toncheva-Panova, Antonia Manova – SUBCELLULAR EVIDENCES FOR THE HORMONE-LIKE ACTION OF EXOGENOUS PEPTIDE-NUCLEOTIDE COMPLEX DURING ADAPTATION IN THE ALGA DUNALIELLA SALINA .......................... 455

Nevena Kambourova, Tanyo Michev – BIOLOGICAL MAPPING OF SMALL-SIZED NATURAL AREAS .......................................................... 463

Lidia Sakelarieva – DIFFERENT VIEWS AND TRADITIONS WITHIN URBAN ECOLOGY ........................................................................ 471

S. Naumova, T. Hristeva, S. Popova, K. Georgieva – SOIL MICROORGANISMS DYNAMICS IN THE PERIRADICAL ZONE OF HEALTHY AND BROOMRAPE INFESTED PLANTS ............................................. 477

IV. METHODOICS OF EDUCATION OF BIOLOGY

Svetla Evtimova, Ivan Maslarsky – PATTERN OF EDUCATIONAL PROGRAM FOR EXTRACURRICULAR ACTIVITY IN “ANTIDRUG” CLUB ................................................................. 485

Svetla Evtimova, Ivan Maslarsky – PATTERN OF MODULE “STIMULANTS” OF THE “ANTIDRUG” CLUB ................................................................. 493

Nikolay Takuchev – STATISTICAL ESTIMATION OF ASSESSMENT ERRORS OF COMMISSIONS, EVALUATING THE RESULTS IN BIOLOGY ADMISSION EXAMINATIONS FOR HIGH AND HIGHER EDUCATION IN BULGARIA ................................................................. 499

Nikolay Takuchev – BIOLOGY TESTS AS AN ADMISSION EXAMINATION IN THE TRAKIA UNIVERSITY, STARA ZAGORA ......................................... 515
